Hi there, Dijon here with a few updates.

1. I'm 80% sure the Russians are using my translations. Y'all didn't ask my permission! But I forgive you. Because I'm kind... of tired :3

2. This series isn't over just yet. While the numbered chapters are over, there are 3 more entries left. Look forward to them!

Hi there.

First, this Pixiv manga is actually physically published. You can buy the book on Japanese Amazon! If you want to support Yohachi, please buy the book.

Second, now that I'm done with this series, I'm a little sad. So if there are any manga/manhwa series that you want me to scanslate, please send me the title. Preferably a slice-of-life, but anything will do. Send the title to "djdijon1100@yahoo.com"

Thanks for reading,
Dijon

Oh, and please stop sending after 6/1/16. I'm giving up scanslating soon and I don't want my inbox filled with outdated e-mails!

What I believe to be the most adorable picture from this manga :3
